

STEM WORKSHOPS at the Ontario Library

Wonder Garden:

Plants, Water, and Recycling Exploration

3-5 pm Wednesday, June 26, 2024

Embark on an eco-adventure in our Wonder Garden session, where participants will delve into the fascinating world of plants, water, and recycling! Attendees will get their hands dirty as they transform a recycled bottle into a mini garden – a sustainable and inventive way to repurpose materials.

Scratch Jr. A Recycle Story

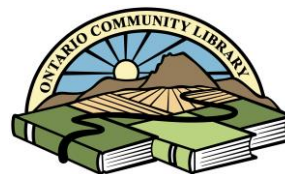

3-5 pm Wednesday, July 10, 2024

Explore the world of recycling through reading a fun picture book. Then design and **CODE your very own story** using Scratch Jr. on a tablet computer. Imagination meets sustainability and technology. Participants will learn about block coding and reusing everyday items in creative ways.
